

# TASK AND COMPLIANCE TRACKER

ACHIEVE, MAINTAIN AND ASSURE COMPLIANCE

## THE COMPLIANCE PROBLEM

Keeping up with compliance and paperwork related deadlines or tasks is becoming increasingly burdensome for the team with little transparency into what is coming due. Current compliance practices based on spreadsheets and other documents are inefficient and make the work feel like it's a constant string of fires to put out.

Missed compliance deadlines or paperwork can add up to potentially costly enforcement actions.

## THE TCO SOLUTION

Task and Compliance Tracker by TCO is a technology-based solution that helps you identify, monitor and fulfill compliance obligations accurately and on time.

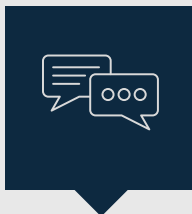

## BENEFITS

- Automated workflows help teams stay organized, avoid duplication of effort and work efficiently.
- Meet compliance deadlines, every time.
- Avoid Notices of Violation and costly fines.
- Improve your corporate reputation with regulators, the public and key stakeholders.
- Create management reports quickly and easily.
- Reduced work stress.
- Be proactive instead of reactive.

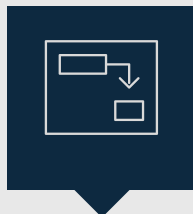

## SYSTEM FEATURES AND TOOLS

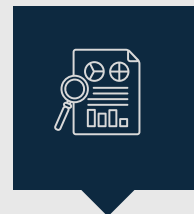

Task assignments to personnel

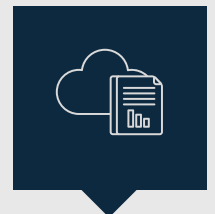

Notifications via the system and email

Visual workflows to track progress

Reporting for ultimate transparency

Storage and retrieval of documents and records
